Jobear's Base Rate Is \$2,000 PER-NIGHT (Or Best Offer)

He is the upcoming Southern heartbeat of R&B for 2010, yet led a productive singing and songwriting life prior to this preeminence. The soul balladeer's strong commitment to the art of music has continued to make JOBEAR one of the hottest artists to emerge this year, leading into the new decades to come. Jobear is the eldest in a family of seven. His parents knew he had an extraordinary voice at an early age. His start in the music industry came as a songwriter, on long family trips from Colorado to Texas, Jobear would sing songs by Al Green, Stevie Wonder, Marvin Gaye and Bobby Womack the whole trip and sound just like the artist he was emulating. Much to his parents delight, Jobear began to enter numerous school and youth center talent shows where he won 1st place in most of them. Jobear currently lives in the Dallas area and continues to improve and reach higher levels in his vocal craft. On Jobear's recent release "Just Because Of You", he teams up with hot producers Larry Williams, popular keyboardist Bobby Sparks III and guitarist George Wooten to create a project that is "hot and modern but yet still has that good ole 70's r&b soulful crooning style that this artist can bring to a track. **BOOK THIS ARTIST NOW!!!**

JOBEAR's New (JOBEAR'S Project) CD Reviews:

Dallas, Tx

1. When I first heard about the CD I was skeptical, but after I put the CD on I was very surprised to here such a well put together album. The songs are good, the music and lyrics hit home, especially the wedding song. I couldn't wait to tell my co-workers about it. I have already put in my request for one of the first copies as soon as the CD becomes available. LaShombe (Wells Fargo bank) age 30

2. The whole CD is tight, the production is high quality, I like the way Jobear attacks the tracks with feeling and heart. When I first heard him, I was reminded of so many top singers, but at the same time, he has his own unique sound. and that's what I feel the edge is on this CD, he has his own sound. Rodney Williams (Producer/ writer) age 29

3. I loved the whole CD, and my wife loved it, the CD has that old school flavor but at the same time it has that funky up to date sound. The lyrics are clean, but adult, something grown folks can enjoy, a man can kick back and listen with his lady and she can do the same, I can't Wait for my copy. Ed Huff (High School English teacher / football coach) Age 34
